Bangor Daily Whig & Courier.

PUBLISHED BY JOHN EDWARDS & JACOB A. SMITH, OVER THE POST OFFICE, WEST MARKET PLACE, BANGOR, ME.

VOL. VII. THURSDAY, JUNE 17, 1841. NO. 300.

THE DAILY WHIG AND COURIER is published at Five Dollars a year, payable half yearly in advance. All subscriptions for less than a year to be paid in advance, and all orders for discontinuance must be accompanied by the amount due.

THE BANGOR COURIER is published at the office of the Daily Whig and Courier every Tuesday morning, at Two Dollars a year in advance, or Two Dollars and Fifty Cents if not paid within six months from the time of subscribing.

ADVERTISEMENTS will be inserted in the Whig & Courier on the following conditions only, and the terms will be strictly adhered to

For a square *three insertions in daily or weekly* $1 00, and 50 cents for each week it may be continued in the daily.

More than half a square and less than a square, $1 00 for *three insertions*, and 25 cents for each week it may be continued in the daily.

Less than half a square 75 cents *for three insertions*, and 25 cents for each week it may be continued.

Advertisements marked daily and weekly, will be charged 25 cents per square and 12 1-2 cents for less than a square for each insertion in the latter in addition to the regular dates in the daily.

The Publishers will not hold themselves responsible for any error that may occur, beyond the amount charged for the advertisement.

☞ Mr. ELISHA FIELD, at the Mechanic's News Room, Boston, is Agent for this paper. Advertisements left with him will be immediately forwarded.

☞ TAKE NOTICE. ☜

E. & J. MOULTON & CO. would inform those who are indebted to them by note or account, that for the future they intend to change their mode of doing business by selling less on credit and more for cash and barter and being very desirous of settling up their demands, they most earnestly request all those indebted to call and adjust their account without delay. To those who have not the money we would say bring what you may have to pay with, COUNTRY PRODUCE, LUMBER, or almost any kind of MERCHANDISE will be received in payment. To those who have been unfortunate and are unable to pay, we would say come and see us, and if you cannot pay all, pay what you can and receive our demand cancelled; but at all events be sure and call without delay, for we should much regret to be obliged to send an unwelcome visitor to enforce payment, in consequence of an unwillingness or want of effort on the part of the debtor to pay his debts. INSURANCE AGAINST FIRE!!! PENOBSCOT MUTUAL FIRE INSURANCE COMPANY.

Office at Bangor.

THIS Office is now in successful operation, having extended its business into sixty towns in the Counties of Penobscot, Waldo, Hancock, Washington, Piscataquis, Somerset, Franklin and Aroostook; and now presents its claims to the people of the whole Eastern section of the State, in the confidence that its superior location, its success thus far, and the determination of its Officers to render it in every respect worthy their patronage, will ensure it to become ultimately the largest office in the State. The superiority of large Mutual Offices over Stock Offices must be plain to every man in the community. ☞ Policies issued for six years, and all extra-hazardous risks rejected.

PRESERVED B. MILLS, President.
BENJAMIN PLUMMER, JR. Sec'y and Treasurer.

Bangor, May 26. 1841 wly

DR. SHUBEAL HEWES' *CELEBRATED RHEUMATIC,* NERVE AND BONE LINIMENT

Applied morning and night, has cured hundreds. It gives relief in the swelling of the glands of the throat, and relieves the numbness and contractions of the limbs, and will take swellings down, and inflammations out of the flesh, rheumatism, bruises and sprains. It gives immediate relief; it strengthens weak limbs, and extends the cords when contracted. A few drops on sheep's wool applied to the ear of deaf persons, will, by constant application, cause them to hear in two months' time.

Sold by the Druggists in Bangor and throughout the State. Address COMSTOCK & CO. New York.

HEADACHE.

DR. E. SPOHN, a German physician of much note, having devoted his attention for some years to the cure and removal of the causes of the NERVOUS AND SICK HEADACHE, has the satisfaction to make known, that he has a remedy which by removing the causes cures effectually and permanently this distressing complaint. There are many families who have considered Sick Headache a constitutional incurable family complaint. Dr. S. assures them that they are mistaken, and laboring under distress which they might not only alleviate, but eradicate by the use of his remedy.

It is the result of scientific research, and is entirely of a different character from advertised patent medicines, and is not unpleasant to the taste.

Sold by [illegible] Druggists in Bangor, and through out the State. Address COMSTOCK & CO. New York

Sept. 18.

LAST DAY.

HAVE YOU A COUGH? Do not neglect it: thousands have met a premature death for the want of a little attention to a common cold. [illegible] Rev. Dr. Bartholomew's [illegible] Expectorant Syrup, a safe medical prescription, [illegible] used in an extensive practice of several years, will most positively afford relief, and save you from that awful disease, Pulmonary Consumption which usually [illegible] the young, the old, the [illegible] and the gay!

Have you a cough? Be persuaded to purchase a bottle of this Expectorant Syrup to day!! To-morrow it may be too late.

Have you a cough? Bartholomew's Expectorant Syrup is the only remedy you should take to cure it. [illegible] that in no one of the [illegible] has it failed [illegible]

For sale [illegible] COMSTOCK [illegible]

[illegible] New York.

NEW AND IMPORTANT DISCOVERY. DR. PHELPS' COMPOUND TOMATO PILLS,

[ENTIRELY VEGETABLE.]

A New and Invaluable Medicine for all Diseases arising from Impurities of the Blood, Morbid Secretions of the Liver and Stomach; also, a

Substitute for Calomel;

as a Cathartic in Fevers and all Billious Affections.

THESE popular Pills being a combination of a newly discovered Alkaline substance, extracted from the TOMATO PLANT, with other vegetable substances which have been found to modify and diffuse its effects, are believed to be the best Alterative and Cathartic Medicine ever discovered. They have been abundantly and successfully tried, and have received universal approbation for Scrofula, Dyspepsia, Jaundice, Billious Diseases, Gravel, Rheumatism, Coughs, Colds, Influenza Catarrh, Nervous Diseases, Acid Stomachs, Glandular Swellings of all kinds, Costiveness, Cholic, Headache, &c.

They are an antidote to Contagious and Epidemic diseases; prevent the formation of Billious and Liver affections Fever and Ague, &c., in those who reside in hot climates, and low and marshy countries and are the best Cathartic that can be used for those localities. Seamen will find them an infallible remedy for the Scurvy; and Travellers, the best medicine they can use to counteract the dangers of exposure in unhealthy climates. For ordinary Family Physic, they are universally approved, as the best ever offered.

These Pills have a powerful and salutary operation upon the Glandular System, removing all obstructions from the Gland, wherever situated, Scirrhus and Scrofulous Taints in all their forms, and if persevered in, no case of Scrofula, however severe, can resist its influence. It is in their operation on the Glandular System, that their effects are so peculiar and potent, and so nearly resemble that of Calomel. In fact, the Tomatine has all the Alterative Deobstruent and Cathartic properties of Calomel, without ever producing unpleasant or injurious effects under any circumstances, either from exposure to cold or wet; on the contrary, the Compound Tomato Pills are the best remedy ever known to counteract the effects of Mercury, completely eradicating every particle of it from the system, and renovating the constitution broken down by its use; which it does by correcting the state of the blood, and through that, correcting the morbid secretions of the glands, and restoring them to a healthy and their own proper action. Its effects are analogous to Sarsaparilla and Blood Root, and in its combined action in the ingredients composing the Pills, it exerts a universal action peculiar to itself.

The peculiar virtues of the Tomato Plant, have for a long time attracted the attention of the Medical profession and the Public, and a lively interest, has recently been directed to the future development of its active powers, and its Antibilious and Alterative qualities; which the Proprietor is now happy in being able to gratify and presents his Pills to the Public, with the full confidence of their being the most safe and valuable remedy ever discovered adapted to all cases where nature is disturbed, and when any of the functions do not perform their natural or healthy action.

Numerous certificates of cures, from those who have taken them, and the testimony of several Physicians who have prescribed them, all concur to corroborate this opinion. The rapidly increasing demand for, and the universal approbation bestowed upon them, is an additional evidence of their merits and usefulness.

In presenting this article to the public, the Proprietor was induced by the hope that a medicine prepared with much care, and strict regard to the Chemical and Therapeutic properties of its several ingredients, should take the place of the thousand and one irresponsible nostrums of the present day, with which the country is deluged, and from the favor already bestowed upon it by physicians and others, he feels justified in expecting this result.

Often have the cures performed by this medicine been the subject of editorial comment, in various newspapers and journals, and it may with truth be asserted that no medicine of the kind has ever received testimonials of greater commendation than are attached to this.

Females from forty to fifty years of age will find them a powerful assistant to nature, in the important change in the functions of the system removing all liabilities to Cancers, glandular swellings, &c., and assisting to establish that new action in the animal economy which nature often fails to do. None should avoid a free and continued use of them, if they wish to escape a long train of incurable maladies. For this purpose one should be taken every night and morning, and continued as long as any unpleasant symptoms remain.

For that congested and deranged state of the system which occurs in the commencement of Spring and Summer, these Pills are particularly applicable, in preventing Rheumatism, Coughs, congestion of the lungs, &c., and have prolonged many a life that otherwise would have been a sacrifice to the changes of the season.

Those persons liable to sore throats, swelling of the glands, coughs, and other symptoms indicating Scrofula or Consumption, should take warning in season, and embrace a remedy, which, while it is searching out and eradicating disease, makes no deductions from the vital powers of the system.

As a Dietetic or Dinner Pill, one taken half an hour after dinner, will sufficiently stimulate the digestive powers of the stomach to a healthy and invigorated action, and they are found extremely serviceable for those who indulge in long dinners, or late suppers, or immoderately in desserts or fruit.

☞ For a full account of this interesting discovery, testimonials, mode of operation, &c., see pamphlets, in the hands of all who sell these Pills.

☞ Enquire for PHELPS' TOMATO PILLS, and be particular to observe that the label is signed G. R. PHELPS, M. D. Price 37 1-2 cents, with full directions accompanying each Box.

From the Boston Morning Post.

New Medicine. An Alkaline principle called Tomatine has been discovered in the Solanum class of plants, particularly in the Tomato, which promises to be of peculiar service in Lung Affections, Scrofula, and Glandular obstructions, particularly of the Liver. [illegible] an addition to [illegible] Compound Tomato Pills, which are truly worthy of a trial.

From the Patriot & Democrat.

PILLS. Unlike the numerous speculations of the day, there is one medicine which deserves the popularity and patronage it is receiving. We allude to Dr Phelps' Compound Tomato Pills. Judging from the patronage they are receiving from the Medical Faculty, and the approbation of those who have used them, we should expect they would supercede all others in use, as a family medicine. Being introduced by a respectable and practical member of the Medical profession, whose character in this vicinity is a sufficient guarantee. Of the character of his medicine, we are enabled thus confidently to speak of it, and we believe it is entitled to the confidence of the community.

[illegible] COMPOUND TOMATO PILLS. [illegible] a valuable [illegible] as in the Pill for

the chief component of which is derived from that healthy and pleasant vegetable, the Tomato. As this plant is known to possess medicinal virtues of a high order, as well as a large amount of nutriment, so the medicine into which it is compounded, is known to be powerfully available as a curative remedy in morbid secretions of the Liver and Stomach, impurities of the blood and diseases of a billious type generally. It is an excellent substitute for calomel, as an anti-billious and cathartic medicine without its injurious properties, and has been found extremely efficacious in the cure of a long catalogue of diseases. Having adventured upon the use of this medicine ourselves, we cordially recommend it to others.

Health and Strength!

DR. S. O. RICHARDSON'S SHERRY WINE BITTERS,

ARE the only sure remedy for Dyspepsia and Jaundice that has ever been discovered and their general use for 22 years, with recommendations from the most eminent of the medical faculty, and editorial notices from the Boston Morning Post, Boston Daily Mail, Plymouth Memorial, Amoskeag Representative, Barnstable Patriot, Essex Banner, Haverhill Gazette, Lowell Patriot; Bunker Hill Aurora, Charlestown, Portsmouth Gazette, N. H., Dover Gazette, N. H., Northern Star, R. Island, Lincoln Telegraph, Me., New York Evening Signal, &c., must assure the afflicted that they possess wonderful merit.

THEY GIVE LIFE, ELASTICITY AND VIGOR to the viscera, promote the peristaltic action, cleanse the stomach and bowels from unhealthy accumulations, and purify and enliven the blood in the most thorough and effectual manner.

They are the most certain remedy for all those prevalent diseases called Dyspepsia, Jaundice, Liver Complaints, Heartburn, Dizziness, Headache, Wandering or settled Pains, Sinking Faintness, Sour Stomach, Loss of Appetite, Weakness of the Limbs, Nervous Debility, Costiveness, Piles, and all diseases caused by an unhealthy state of the stomach and bowels.

They are the unrivalled and efficacious compound of a ☞ REGULAR PHYSICIAN ☜ and Graduate of the NEW-HAMPSHIRE MEDICAL COLLEGE, who has made the study of Medicine his profession.

Being composed entirely of vegetables, they are of such a nature that they may be taken for any length of time by invalids of any age, without injuring the system or exposing it to take cold.

BEWARE OF PEDLARS!!

The genuine article cannot be obtained of them on any pretence whatever.

I NEVER EMPLOY THEM, NOR ALLOW THEM TO SELL MY MEDICINES.

And all Bitters, put up in phials and small round bottles, purporting to be mine,

ARE BANK COUNTERFEITS.

As some are base enough to fill the empty bottles with their stuff, and thus deceive the unwary, and some have attempted an imitation of my Bitters in papers.

BE CAREFUL OF WHOM YOU PURCHASE!

In consequence of these attempts at imposition, I have been at great expense in having new directions and wrappers, and in future the Bitters in papers will be done up in a different style. See that the envelope has on it my name in full, "entered according to act of Congress, in the year 1840, by S. O. Richardson, M. D., in the Clerk's Office of the District Court of Massachusetts, [illegible] Established at South Reading, County of Middlesex, Massachusetts." The border around the inside directions, (which are printed on white tissue paper,) is so curiously engraved that the words "Dr. S. O. Richardson's Sherry Wine Bitters" present themselves in a thousand different forms. As a copy right has been granted me,

ALL INFRINGEMENTS WILL BE SEVERELY DEALT WITH according to law. The bottles are nearly ready to be issued in the same style.

All Bitters prepared by me have a fac-simile of my signature on the outer envelope, [illegible] COUNTERFEIT WHICH IS FORGERY.

AS YOU VALUE HEALTH, BE CAREFUL!

Orders from Agents, merchants, traders, druggists, apothecaries and dealers in medicines, will be punctually attended to, and sent to any part of the country, safely packed in boxes.

A liberal discount will be allowed on the sale.

For sale, wholesale and retail, at the *Doctor's Office, 15 Hanover Street, Boston,* and in most Towns throughout the New-England States.

☞ Price 75 cts. per bottle 50 cts. per paper ☜

For sale by Allen Marden & Co., George W. Holden, G. W. Ladd, Whittier & Guild, Bangor.

D. 1841, is the term allowed to said creditors to bring in and prove their claims against said estate, and that we will attend to that duty at the store of Daniel Sargent, 2d, in Brewer, on the last Mondays of October and November next, from two till six o'clock, P. M., on each of said days.

SAMUEL B. STONE, JEREMIAH ELDRIDGE, } *Commissioners.*

Brewer, June 5 1841. w3w18

COPY OF CERTAIN RESOLVES PASSED BY THE LEGISLATURE OF MAINE, IN THE YEAR 1841.

STATE OF MAINE.

RESOLVES for the appointment of a Board of Commissioners to settle the claims between certain individuals and the State.

RESOLVED, That the Justices of the District Courts in this State be appointed Commissioners (and in the event of a vacancy in the Board from any cause, the Governor, with the advice and consent of Council, shall forthwith proceed to fill the same) whose duty it shall be, on application made within one year from the passage of these Resolves of any person indebted to the State for the purchase of lands sold since the first day of January, in the year of our Lord one thousand eight hundred and thirty four, or who have become assignee to any such purchaser, and having an equitable claim against the State, praying to be relieved from the payment of notes due to the State, and from obligation to perform certain settling duties, either wholly or in part, and asking for a conveyance of the land originally contracted to be sold, either wholly or in part, to proceed and hear and examine, on oath, or affirmation, every question and all facts relative to said applications. And said Commissioners are hereby empowered, after a full hearing and examination of such cases, to make a written report to the Land Agent, directing him to settle and adjust said claims in such way and manner and upon such terms as to them shall seem equitable, just and expedient; and said Commissioners may further direct such costs to be paid by said applicants, on account of expenses incurred by the State as to them shall seem reasonable and proper, to be paid before the execution by the Land Agent of the award.

Resolved, That each applicant shall make out and file with the Land Agent, as soon as may be, brief statements of his case, one copy of which shall be forwarded by the Land Agent to each of the Commissioners, and one to the Attorney General.

Resolved, That all documents and written evidence produced before said Commissioners shall be deposited in the Land Office.

Resolved, That the Land Agent be and hereby is authorized, upon the report made to him in writing by said Commissioners or a majority of them, to cancel and surrender any notes, securities, or obligations in his hands, and to discharge mortgages, give releases, and make and execute conveyances, in such way and manner, and upon such conditions only, as shall be prescribed in the report of said Commissioners.

Resolved, That the Governor, with the advice of Council, is hereby authorized to audit the accounts of said Commissioners, and to allow them such compensation for their services as to them shall appear reasonable and proper; and the Land Agent is hereby authorized to pay said Commissioners the amount due them allowed as aforesaid by the Governor and Council.

Resolved, That said Commissioners shall give public notice of the time and place of their first meeting under this Resolve, three months prior to said meeting, by publishing a notice thereof three weeks successively in the State newspaper, and in such other public newspapers as they may think proper; and it is hereby made the duty of the Attorney General to procure evidence, and to attend the meetings of said Commissioners, and act in behalf of the State in all applications that may be laid before said Board of Commissioners. [Approved March 31, 1841.]

STATE OF MAINE.

An additional Resolve in relation to the appointment of a Board of Commissioners to settle claims between certain individuals and the State.

RESOLVED, That the Resolves approved Mar. 31, 1841, appointing the Justices of the District Court a Board of Commissioners to settle the claims between certain individuals and the State, shall become a law and take effect from and after the passage of this Resolve; that a majority of said Justices may constitute said Board and be authorized and empowered to act in the premises, and that thirty days notice shall be given, instead of three months notice as required by said Resolves. [Approved April 16, 1841.]

The undersigned, the Commissioners named in the foregoing Resolves, hereby gives notice that they will meet at the COURT HOUSE, in Bangor, on the TWELFTH DAY OF JULY NEXT, at [illegible] o'clock in the forenoon, for the purpose of acting upon the claims, and performing the duties contemplated in said Resolves.

BANGOR WHIG.

THURSDAY, JUNE 17, 1841.

PLAN OF A BANK.

The plan of the Secretary of the Treasury of a Fiscal Bank of the United States was communicated to the Senate on Saturday. It has been the aim of the Secretary to free the project from constitutional objections, and to guard it against abuses. The following synopsis is from the correspondent of the N. Y. Tribune.

It is proposed to establish a bank in this District, to be called the "*Fiscal Bank of the U S*" capital $30,000 000, with power to establish branches in the States with their assent. The Government to subscribe one fifth of the capital. The amount of the 4th instalment now due the States to be subscribed by the U. S for the use of the States For the two amounts (equal to ten millions) a stock to be created having 5 per cent. interest redeemable at the pleasure of the Government after 15 years — The remaining twenty millions to be subscribed by individuals. To be seven Directors. Two appointed by the President and Senate, and five to be elected by the stockholders. The President to be chosen by the Directors out of their own body. The Bank to be a fiscal agent of the Government, to receive and disburse the public funds and perform the duties of pension Agent without charge. The dividends to be limited to 6 per cent deficiency, if any, to be made up; surplus, if over two millions, to be passed to the credit of the U S Treasurer. Not to owe more than 20 millions *above* its deposites. Debts due the Bank not to exceed its capital and 75 per cent thereon. It is not to deal in any thing except coin, bullion, promissory notes, and inland bills of exchange; to take no more than 6 per cent on loans; to discount no paper having more than 180 days to run; no debt to be renewed; not to loan the U. States at any one time more than three millions, nor any State more than $100.000; to contract no debt longer than a year, to issue no note less than $10. Officers of the Institution to be prohibited from borrowing, directly or indirectly.

The Books of the Institution to be open at all times to the inspection of the Secretary of the Treasury, to a Committee of either House of Congress, to a Committee of the Stock holders, and to the Directors. The Branches not to issue notes, but may sell drafts not less than $40 *The Bank not to suspend specie payment;* not to pay any thing but coin or bullion for its own notes. The corporation to exist for 20 years.

☞ The attractive and fascinating Concert of the RAINERS last evening was full to over flowing the Hall was much more crowded than we ever recollect to have seen it before on any similar occasion. The audience were highly delighted, and the singing was rapturously encored. The singers will give one more concert on Friday evening, when those who have not heard them will have an opportunity of listening to their dulcet and sweet sounds.

☞ The Phrenological Lecture, it will be recollected, takes place this evening at the City Hall. We understand that the committee appointed at the previous lecture have selected two gentlemen who will submit their heads to a test examination. The lecture to night will be particularly interesting to the ladies.

☞ Willis Gaylord Clark, Esq the accomplished and well known editor of the Philadelphia Gazette, died in that city on Saturday. His health had for some months been on the decline.

Two of the guns of the Steam Frigate Missouri at New York, have a 10 inch bore, weigh 8600 pounds each, are called "107 pounders!" They work like a swivel on the upper deck. There are also twelve other guns called "68 pounders."

Suicide. Thomas Albright, one of the clerks of the Philadelphia United States Bank, committed suicide with morphine, at his lodgings, on Friday last. He was a single man, about 43 years of age. There are of course rumors of defalcations, but the correspondent of the Journal of Commerce expresses a belief that they are unfounded in this case.

The four St. Louis murderers are sentenced to be hanged on the 9th of July. The New Orleans Brown, who pretended to have been one of them, only did it to get out of the custody of New Orleans officers for another crime He goes clear of both now a shrewd rascal.

[For the Whig and Courier.]

Messrs. Edwards & Smith I think it due to Messrs. Parkitt & Pons to express to the citizens of Bangor the high gratification which many individuals enjoyed in listening to Mr. Parkitt's lecture on the Temperaments and to the Phrenological examination conducted by Mr. Pons.

I am not a believer in the "science" of Phrenology, but I *do* believe that our citizens are losing a fine opportunity of examining it and of making up their minds about it. If the "science" be true, it is too important to be neglected; if it is false, the community ought to be able to pronounce upon it and condemn it after a fair and full trial; and whether it be true or false, I think there is a fund of valuable information usually connected with popular expositions of its fundamental principles, which the *people ought to possess.* Many of the evils of society might be *remedied,* if mankind were generally acquainted with the *facts* upon which practical phrenology is based.

Though I am a dis-believer in the so called "science" of Phrenology, I do hope the City Hall will be crowded *this evening;* and let every man, woman and child remember as many [illegible] dent, whatever be their judgment of the merits of the "science," their money will be a hundred times re-paid by the valuable information they will acquire.

CLERICUS.

Bangor, June 17, 1841.

[For the Whig & Courier.]

Messrs. Editors I noticed in your paper of the 15th a little editorial good sense upon the subject of female dress. It is of no use to attempt to cure vain young ladies of this practice of wearing the "shoulders of their frocks" lower than a proper sense of modesty will justify, while they are desirous of drawing the eyes of the other sex towards them, or of the other health-ruining practice of trying to resemble pismires, as long as they labor under the mistaken idea that men are particularly enraptured with a pismire shape. We all know the injury of these practices, to health, the appearance and the passions to such as are addicted to them, and we know, that neither the advice of the most eminent physicians, the opinion of all sensible men, and prudent and modest women, the warnings of spine complaint, consumption, and many other disorders, have no effect to prevent them. Now what is to be done to remedy this prevailing false taste in young ladies? We cannot answer the question unless all sensible people of every age and sex, will determine to discountenance it in every possible way If the foolish devotees to this taste could be made aware that they are objects of ridicule to every beholder, they might be led to consider that they are not in a very agreeable situation; but they will take no hints, they must be laughed at before and behind their backs, in doors and in the streets, whatever they may be they should be made to feel the sneers of the world until they will consent to make themselves look handsome and healthy.

Do they think that a waist that can be grasped by a man's hand adds to the beauty and symmetry of the form? If they do, they will find more men who will stare at it, than men who are inclined to admire it, or encircle it in their arms. It is the good substantial waist that men like not what would be called a slab waist they do not like to see a woman all the way up and down like a mill log any more than they do to see one shaped like an hour glass — they like symmetry; and this every woman can possess without dressing *tight*, or slatternly.

"But I don't dress tight," exclaims a blue eyed sallow complexioned girl, with no waist at all, almost. Perhaps you do not my dear, that is, you think you do not, but permit us to say you do and did once so tight, that you could hardly breathe, and now you are so pale and hump backed, that you despair of ever catching a beau — Let us tell you that if you had permitted your form to develope itself under the direction of mother Nature, instead of now seeing Death's shadow flitting before you, you would have an adoring lover or husband, gazing on that fair countenance and the prospect of a long life and plenty of its blessings before you Good morning.

ICHABOD.

CONGRESS.

Saturday, June 12.

IN THE SENATE. The rules proposed by Mr. Clay, some days ago, was, after debate and being somewhat amended, adopted, so as as to make it the rule of the Senate, that after the first hour of meeting each day, the Senate would proceed to the unfinished business of the preceding day.

Mr. Clay's Land Bill was taken up and referred to the Committee on Public Lands.

A plan for a "Fiscal Agent" accompanied with a bill of 44 sections, was laid before the Senate, referred to the Select Committee, and 1500 copies were ordered printed. Mr Walker offered a financial project, which was referred to the same committee.

IN THE HOUSE The discussion of Mr Wise's motion to reconsider, was adjourned till Monday. Meanwhile, farther action on that motion was rendered unnecessary.

On leave, the Committee appointed to revise and report Rules for the House, made a report accompanied by resolutions providing that at the present session no business shall be attended to, except such as may be referred to the Committee on Ways and Means, Elections, Mileage and Accounts. Also, that all petitions, on subjects not especially referred to in the President's Message, shall on their presentation be laid on the table, and no action be had there at the present session, except if Congress shall think proper, such as may relate to a General Bankrupt Law.

After questions of order, motions to adjourn, and other efforts to stave off this peaceable decision of vexed matters, the resolutions were agreed to, 100 to 60. A motion to reconsider was made and negatived yeas 28, nays 108. So the House are now ready for business.

Prior to the adoption of this rule, an abolition petition was presented by Mr Mattocks; the reception was objected to, and the question of reception was laid on the table yeas 134, nays 28.

STATE DEBT AND THE CIVIL POSSE

SPEECH OF MR. MORSE, OF BATH,

Delivered in the House of Representatives, April 9th and 13th, 1841, on the order directing the Finance Committee to assess a State Tax of $200,000.

[Continued.]

The Land Agent is, at all times, an officer of great consequence. It is his duty to manage the sales of timber and to superintend and manage the sale and settlement of the public lands. But in the winter of 1839 he commenced, under the direction of the Governor, the discharge of another duty of much responsibility, the management of the armed posse for the protection of timber on the disputed territory. This force, or civil posse, as it is called, was entirely separate from the military under Gen. Hodsdon, with which it was in no way connected. Mr. McIntire (the Land Agent for 1839 and 1840) employed his men mostly by the day; and the amount of cash paid out by him during these two years for the support of the posse, and the outstanding claims against the office on account of the posse, when he left the office amounted to $191,537 53 The amount of money disbursed by him, and the expending of which was under his direction, shows that he has been a prominent actor in the events of the last two years. Now, sir, how has that part been acted? Has he discharged the duty committed to him with prudence, skill and economy? In the first place no part of the disbursements of money, or any other transaction in relation to the posse, appears on the books of the Land Office. Though the whole affair was under the superintendance of the Land Agent, and all the payments made by him, yet not an entry was made, either debit or credit, on the books of the Department, to show how the business has been conducted. He puts implicit faith in the integrity of his agents, who in most cases, were without responsibility; and his way of disbursing money appears to have been to put large sums into their hands to be used, not in compliance with any law or specific instructions, but as their judgement, or perhaps selfishness, to give it no harsher name, might dictate. The bills paid by these individuals and filed in the office, and the accounts kept by some of them, at a distance from the office, are the only means of obtaining any knowledge, general or particular, in relation to the expenses of the posse. The whole business has been transacted in a loose, irregular, disorderly manner, entirely discreditable to the State. It is strange that the business of one of the departments should be so conducted. Where we ought to look for examples of the most perfect system, the greatest exactness and regularity, we find only such a looseness of doing business as would be decidedly disreputable to the business character of a grocery establishment or a beer shop

The law makes it necessary for the Land Agent to make out quarterly statements of the condition of his office and deposit them with the State Treasurer. But so far as relates to the posse expenses this positive requirement of law has not been complied with. No statement having any reference to the matter is to be found there. The law further requires him to "report to the Governor and Council once in three months, and oftener if required, a particular account of all his doings — and they are authorized to audit and settle his accounts at the close of each year, prior to the annual session of the Legislature, and at such other times as may be designated." Here is another provision of the law entirely disregarded. Whether Mr. McIntire made his quarterly reports as the law requires or not I am unable to say. But I do say that no annual settlement took place of such part of his doings as related to the civil posse. It appears by a report of the Council, dated Jan. 6 1841, that his posse accounts were not examined and settled by them from the time he first mustered his posse in Jan. 1839, till the 6th of Jan. 1841, a period of about two years. Here is the most palpable negligence in the Executive department, in a case where strict attention to duty might have saved the State thousands and thousands of dollars A settlement came at last however, a few days before Mr. McIntire was discharged, and the council say "they have *examined,* the accounts submitted (accounts for the years 1839 and 1840) *compared* and *examined* the number of vouchers accompanying the same *and find them correct &c.*" One would suppose from the language used in their report, that the Governor and his astute Council went into a very rigid and scrutinizing examination of these accounts. They tell us they *have examined* them *"compared and examined"* the vouchers and *"find them correct."* Surely after passing through such a fiery ordeal after being so very particularly *"examined and compared"* all should be right. But, sir, how stands the fact? Notwithstanding these accounts had such a thorough overhauling and pronounced all "correct," numerous mistakes were afterwards discovered in them, which amounted, in the aggregate, to $1,526 87 against the State. Now is it possible that these accounts were ever *"examined and compared?"* If so, how happens it that not one of their many mistakes was corrected? How happens it that such a severe examination should end in such perfect harmony with the unpardonable blunders of the Land Agent? There seems to have been a strong disinclination to coming to a different conclusion from that to which the Land Agent had arrived. Whether this was out of sympathy for the Land Agent and a desire to relieve him, or not, I leave others to determine. I will only say it is very wonderful that the Council should have fallen into precisely the same errors that the Land Agent did — both making mistakes against the State amounting to the exact sum of $1,526 87. Certainly these are very exact mistakes and deserve a prominent place on the record of remarkable coincidents.

Still further to illustrate the wretched manner in which the public business has been performed I will call the attention of the House to a few other facts of extraordinary nature. When the militia was called home in the spring of 1839, there was a quantity of stores in the Quarter Master's department on the Aroostook no longer required for the use of the troops. These stores were prized by the Quarter Master Gen. and Land Agent, the cost of transportation added and both charged to the Land Department, the stores were then delivered to the Land Agent The apprised value of stores thus received from the Quarter Master's Department was $14,604, 07. The Land Agent was as much bound to account for supplies received in this way as he was for money drawn from the Treasury to purchase them with. Yet he did not do so. These articles were not credited to the State, nor but a small portion of them, between two and three thousand dollars worth, accounted for in any way. A large sum of money was paid by the State for these supplies they were delivered to the disbursing officers under Mr. McIntire for the use of the posse, and that is the last we hear of them. No attempt whatever is made to explain the matter, and no information given or allusion made to it by the Land Agent in his annual report.

The whole thing seems to have been conducted by the subordinate officers in the manner most pleasing to themselves, and perhaps in the way most conductive to their pecuniary benefit, while the State was looked upon as a good natured, indifferent sort of a personage and fair game for whosoever had the inclination to pluck her. Again Mr. McIntire settled and paid off two hundred and twenty bills, amounting in all to over *eight thousand dollars,* without having these bills receipted, or in any way vouched for. These bills are a part of those that underwent so severe a scrutiny that were "compared and examined" by the Governor and Council, and pronounced "correct." "Correct!" really, sir, they must have had very refined notions of accuracy, and I should be glad to learn in what school they were taught. It may be thought presumptuous in one so inconsiderable as myself to question the entire perfection of so august an assembly of wisdom. Yet I would [illegible] are most in vogue there. They must be very different from those which prevail elsewhere. Perhaps they taught systematic blundering. But if there is any one thing that can show more than another, the utter negligence in which the whole transaction has been carried on, it is the singular fact, that articles have been delivered and charged to a number of persons, supposed to belong to the posse, who in reality, had no connection with it, and were not in the service of the State. With superintendants and disbursing officers at every place where men were stationed, it is almost incredible, if the least attention was given to business, that they could have been so cheated as to pay men for service [illegible] and never asked for. These imaginary laborers make but a poor scape goat to bear away the sins of others they serve hardly as good a turn as the town pump to which the grocer's boy used to charge all missing articles that he could not honestly account for.

But, sir, there is another chapter or two in this strange story that ought to excite still more the interest of every tax payer in the State The whole number of day's labor allowed and paid for by Mr. McIntire for the protection of timber on the disputed territory, since January 1839, was EIGHTY FOUR THOUSAND SEVEN HUNDRED, AND TWENTY EIGHT this too in less than two years When we consider the nature of the duty, and the amount of labor performed, the number of days service seems extravagantly large. The simple duty of the posse was to protect the timber against trespassers. The mode chosen by the Land Agent to accomplish this object was to guard the two principal streams, the Aroostook and Fish Rivers, by which trespassers can take timber from our territory and convey it to market This was done by throwing booms across those rivers to secure and control every thing turned in for passage down. The constructing of these two booms, opening roads, building bridges, and preparing quarters was the labor performed. The Aroostook boom is over 1,300 feet long, with six or seven piers, and is the greatest piece of work yet accomplished there The number of days labor allowed in the construction of this boom, was, according to the Report of Capt. Parrot, the Superintendant, 2,144½. The boom at the mouth of Fish River was not a work of so much labor, and no special report was made respecting it; but allow the same amount of labor that was allowed for the Aroostook boom, and we have on the construction of booms 4,289 days labor. The number of days labor on roads and bridges built under the superintendance of Mr. Jarvis was not fully given in his report, as a part of the labor was done by contract; but if that part of the road built by contract cost no more than that built by the day, there was on roads and bridges short of 20,000 days labor, to keep entirely outside, call it 21,000. We have no data before us by which to ascertain the amount of time spent in the preparation of quarters, but as there were only two stations, and the buildings rough, [illegible] structures, much time could not have been necessarily consumed in their erection. Allow 3,000 days, certainly a very liberal allowance, and we have for the construction of roads, booms, bridges and quarters 28,289 days labor. After the booms and quarters were completed, which could not have been before April or May of 1839, it was necessary that a few men should be permanently stationed at the Aroostook and Fish Rivers to guard the booms, and prevent individuals from taking timber from our territory. Allow twenty men at each post from April 1839, to January 1840, which is a much larger number than could have been profitably employed, and we have 10 950 days labor. In the year 1840, the duties of the posse became very light, merely nominal. Mr. McIntire told us in his report laid before us at the commencement of the present session, that the force at Fish River had been reduced to 14 men, and that at Fort Fairfield to 8 Even this number was unnecessarily large, and has been reduced still lower by the present Land Agent But allow that number for the year 1840, and we have an addition of 8,030 days. The most of these estimates are facts taken from the reports of the Land Agent and his deputies, and where these reports do not contain the necessary facts, liberal estimates have been made from such information as they do contain. The calculation which I have gone over gives *forty seven thousand four hundred and fifty-nine* days labor of the Civil Posse from its first organization to the commencement of the present year, and I have no doubt but that all which has been done by this far-famed posse, could have been done in a much less number of days. But the whole number of days service being nearly EIGHTY-FIVE THOUSAND, we have over *thirty-seven thousand* more paid for than were required. How this vast amount of useless time has been consumed, whether idled away, or credited to men who had no connection with the posse and were never in the service of the State, I leave for others who are better acquainted with the secret history of this memorable affair to explain.

(Conclusion To-morrow.)

When Curtis made his desperate attempt to shoot Gen. Jackson, Mr Tyler was walking just before the President. The confusion was great for a moment; when it subsided, Mr. Tyler said to the gentleman with whom he was walking, "If I had ever doubted the existence of a superintending Providence, I should cease to doubt now." This we had from a gentleman to whom it was spoken Mr Tyler was then a warm opponent of Gen. Jackson. [Journal of Commerce.

PHRENOLOGY.

The next Lecture will be given at the CITY HALL THIS EVENING at a quarter past 8 o'clock.

SUBJECT Mental and Moral Education.

Double Test Examinations at the conclusion of the Lecture. Admittance, 12 1-2 cents.

☞ Private examinations every day at the Bangor House.

DIED,

In this city, 3d, William, infant son of Nathaniel Wilkins, aged 4 days; 12th, Charles, son of Mr. James L. Davis, aged 4 years.

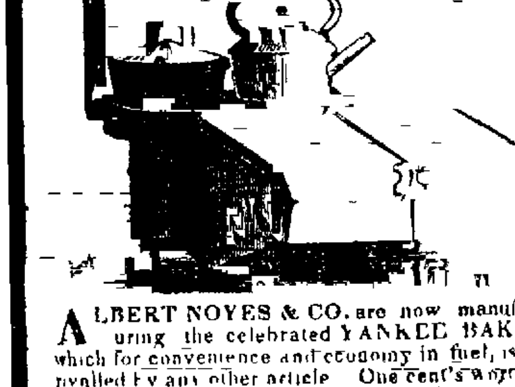
YANKEE BAKER.



ALBERT NOYES & CO. are now manufacturing the celebrated YANKEE BAKER, which for convenience and economy in fuel, is unrivalled by any other article. One cent's worth of Charcoal is sufficient to keep it in operation one day. As an article for summer use, it will be found indispensable, as the heat is all kept within the Baker, and the baking is done by reflection from the cylinder, thereby enabling one to do cooking without the addition of a great fire either in a stove or fire-place. 4md May 24

Adams's Venuis Water.

THE true Remedy! the Sovereign Restorative!! the grand producer!!! The subscriber informs the public that after FOURTEEN YEARS of study, ten of which have been years of immense labor and difficulty, he has discovered the only true remedy against the loss, the sovereign restorative in case of a deficiency and the grand producer of that most beautiful ornament of "the human form divine" THE HAIR!

That it may be known that this Venuis Water is an invaluable article, I will state that in the first years of my labors upon it its application to the head for two consecutive seasons was necessary in order to establish a good growth of hair but now only one season is required, so successful have been my improvements upon it! And I have the proud satisfaction of knowing that in the City of Bangor alone *two hundred and sixty six heads* which were once bald can, by the heavy growth of hair upon them, bear witness to the wonderful effects which this Venuis Water has produced within eighteen months!

I will add a few, of the certificates almost innumerable which have been given me by individuals who have derived benefit from this Water.

MR T. D. ADAMS. Having availed myself of the extraordinary benefits of your Venuis Water, I feel it my duty to the public as well as to yourself to submit for their perusal, a plain statement of the facts in my case. I had been entirely bald for seven years, and had lost my eye brows, during which time I tried the remedies of three physicians without any benefit.

In reading over the advertisement of your celebrated Venuis Water I concluded to try it, and now am the proprietor of a fine head of hair and a beautiful pair of eye-brows.

MISS ELIZA WORTHINGTON
Bangor, May 8, 1841

This is to certify, that I have used Mr. Adams' Venuis Water for baldness of the head and that it has restored me a good head of hair, where before using it the hair was entirely gone. I also have used other medicines which have started the hair, but it would come out again. But the Venuis Water has restored it so that it is as strong and stronger than before I first lost it. And to all those who are troubled with baldness I would say be sure and call on Thomas D. Adams and try it immediately, and you will have your hair growing again forthwith.
ARTEMAS J. EGERY
Bangor, May 14 1841

This may certify, that for the last six months I have used T D Adams' Venuis Water and have the satisfaction to say that the top of my head which for a long time was bald, is now entirely covered with a good growth of hair.
EDMUND HOLT
Bangor, February 25, 1841.

I hereby certify that for the last two or three years my head has been bald and that during that period, I have used a great number of applications recommended for their efficacy in restoring the hair, from which I have never received any benefit, some even having proved injurious until the past summer, I made use of Thomas D Adams' Venuis Water, which has entirely exceeded my expectations, and covered my head with a strong growth of hair. HANNAH PALMER
Bangor, May 15, 1831

This may certify that the hair upon the top of my head, being nearly gone and the remainder fast dropping off daily I was induced by Mr T. D Adams to try his Venuis Water, and during the last year he has made frequent applications of it to my head. I have now a considerable growth of new hair, produced, as I suppose, by the use of his remedy. E HARRIS
Bangor, Feb 3, 1841.

This may certify that I called on Mr T D Adams in May, 1836. I used his Venuis Water for three months and it has produced as much hair as I wish to have on my head.
Bangor, Sept 1837 NANCY SMITH.

This may certify that my head was entirely bald, and by the use of T D Adams' Venuis Water for three months my hair has been restored
Bangor, Feb 15 1841 CALEB B. HOLMES.

I have used Mr Adams's Venuis Water, for the growth of the hair for about six months, and am happy to say that it has answered every purpose in producing a good head of hair, and prevent the hair from coming out by combing.
Bangor, Feb 8, 1841. MARY JONES.

This may certify that for the last six months I have used Adams' Venuis Water, and have the satisfaction to say that the top of my head which for a long time was bald is now entirely covered with a good growth of hair.
Bangor, Feb 12, 1841. WM FROST

This may certify that for the last twenty years the top of my head had been bald but now is well covered with a good growth of hair. I used the Venuis Water for four months.
Bangor, Feb. 15, 1841 R. WARREN.

This certifies that I have used a preparation made by Mr. Thos. D Adams of this city to restore hair to the head, after it had fallen off, and having derived much benefit from it, I would cheerfully recommend its use to others.
Bangor, Feb 16, 1841. A HOLTON.

The Venuis Water is for sale by the proprietor, at his room over the Post Office in this city.

Bangor, May 15

REAL ESTATE IN OLDTOWN.

On THURSDAY, the 15th, day of July next, at ten o'clock A M will be sold at public auction on the premises,

The following valuable Estates situate in Oldtown Village, Me viz. The lot of land described in a deed from Henry Richardson, and Amiel W. Kennedy recorded in Penobscot Registry, Book 81, Page 352 and the buildings thereon consisting of a wooden house now occupied by Henry M Rogers and a fire proof brick building lately owned and occupied by the Bank of Oldtown, said lot measuring 62 feet on the street, and running back 60 feet at the easterly end, and 37 feet on the west end.

Also a two story dwelling house and out buildings situate in the north part of the village, and lately occupied by John B. Morgan and lot belonging to the same, measuring on the street four rods and running back ten rods being the front end of the lot described in Samuel Veazie's deed recorded in the Penobscot Registry, Book 61, Page 320.

Also the dwelling house, out buildings and lot now occupied by John B Smith being the easterly half of house lot No 19 on Herrick's plan, measuring five rods on Brunswick street and running back seven rods, as more fully described in Joseph C. Lovejoy's deed recorded in the Penobscot Registry, book 99 page 314.

Also the James Purrington estate so called, being a lot of land six rods wide on the street by twenty rods back and the buildings thereon, consisting of the large dwelling house now occupied by said Purrington's family, and a large stable and other outbuildings and also a store and small dwelling house, as more fully described in J Purrington's deed recorded in the Penobscot registry, book 47 page 124. Terms and conditions made known at sale. For further particulars enquire of M L APPLETON Att'y, Bangor.
PILLSBURY & SANDFORD, Auction'rs.
Bangor May 20.

VALUABLE PROPERTY AT AUCTION.

The following described real estate with the buildings thereon, situate in Bangor near the centre of business, will be sold at public auction, on THURSDAY, the FIFTEENTH DAY OF JULY NEXT at three o'clock in the afternoon, on the premises viz:

A lot of land and buildings thereon situate on the corner of Pine and State Sts and measuring on Pine street 105 feet, and on State street 26 feet more or less being the easterly brick tenement in a block of two houses and the same now occupied by Wm B Reed together with a four feet passage way, leading from the southerly end of said lot westerly 50 feet.

A lot of land with the buildings thereon, situate on [illegible] K Pearce's [illegible] thereon 50 feet and running back 132 feet.

A lot of land on or near Hammond street, beginning at a stake, 20 feet from said street, and two rods distant from land formerly owned by heirs of Isaac Davenport, thence running northwesterly parallel with said Davenport's line 60 ft., thence northeasterly at right angles with the last line, 124 ft. to a stake, thence southeasterly 19 ft 6 inches to a stake, thence southwesterly, taking one half the barn, 20 ft, thence southeasterly in front of the barn to the centre of the passage way 5 ft, thence southerly on the centre line of said passage way, 10 ft in width, about 112 ft. to the bound began at, reserving the right to J. P. Harvey, or those claiming under him of passing and repassing in said passage way, which is to be kept open. together with a like right of passing to and from the well and using the water therefrom he or they bearing one half the expense of keeping said well in repair being the same premises now occupied by Daniel Remick.

A lot of land commencing on the road leading from Bangor to Levant, and at the northwestern-most corner of J. Finson's land; thence running south 61 and a half deg west 104 rods on said Finson's land; thence north 36 deg. west, 40 rods to a stake, thence north 61, and one half deg east, 106 rods to said county road, thence south 30 deg east forty rods to bound begun at, containing 25 acres.

Also the lot of land and dwelling house, southerly of and adjoining the first described lot beginning on the west line of Pine st where it intersects an extended line of the northerly wall of the wooden tenement on the south part of said lot, thence running westerly by said north wall and in the line of the same 72 ft, thence on a line parallel with said west line of Pine st about 35 ft to lot 118, thence on said lot 72 ft. to Pine st, thence on said street 36 feet first bound; and the same now occupied by Mr Wheeler.

A lot of land situate on Exchange and Harlow sts bounded by said streets and East Market Square, and the same more particularly described in deeds from Nathaniel Harlow, and Jas B Fiske to Thomas Drew recorded in Penobscot Registry, vol 26 pages 463 and 466, and vol 71 page 106 subject to a mortgage from said Drew to Bangor Insurance Company recorded vol 46 page 152 and said mortgage and the note secured thereby will be sold as aforesaid.

The aforesaid property being the same conveyed to the Suffolk Bank by deed recorded in the Penobscot Registry, vol. 111 page 528. Terms Cash. For further particulars respecting the same and the title to the purchaser apply to

Important Caution.

It is a singular fact and one much to be regretted, that valuable medicines, as soon as they become popular, and have received the test and approval of a discriminating public, are sure to be counterfeited, and thus a bad and spurious article is immediately palmed upon the unsuspecting as the genuine. This has been notoriously the case with all popular tried and truly valuable medicines for years past, and will probably continue to be the case for years to come.

The base and contemptible counterfeiter in this way meanly takes advantage of all the efforts and the advertising used by the proprietors of the genuine article to get their medicines into use and deserved popularity. It is therefore not less the duty than it contributes to the safety of every honest individual in the community, to expose, frown down, and forever after distrust all heartless ingrates, who thus irresponsibly trifle with health and life.

THEREFORE TAKE NOTICE.

There is a person by the name of J. B. RICHEFORT, now engaged in selling a Pill done up in boxes in exact and perfect imitation of the genuine INDIAN VEGETABLE PILLS, with the omission of only one word on the boxes viz. WRIGHT. The Pills sold by this Racheforr are evidently intended as a fraud and imposition upon the community or they would not have been done up in such exact imitation of the genuine. This person is tall and blustering, with a great Theatrical swagger. He was recently known as a very poor player in Baltimore, under the musical cognomen of Jim Brown, and is about twenty five years of age. It is almost beyond a doubt that he is supplied with the Pills from a Druggist firm in this city, who have been heretofore notoriously connected with counterfeit medicines. As soon as proof is obtained, the fountain head of this nefarious business will be exposed, that the community may shun them as they would a serpent.

IN THE MEAN TIME THE PUBLIC ARE CAUTIONED

against buying WRIGHT'S Indian Vegetable Pills of any one who does not exhibit a certificate of agency signed by the agent for the New England States, and bearing date since January, 1840. Also take particular notice that the following wording is on the Boxes

WRIGHT'S *Indian Vegetable Pills* (Indian Purgative) of the North American College of Health.

THE INDIAN VEGETABLE PILLS are a certain cure for disease in its every variety of form, because they thoroughly cleanse the stomach and bowels, induce a proper discharge by the lungs, skin and kidney, and stimulate the blood to purify itself. In other words they open all the natural drains, and leave NATURE (THE GRAND PHYSICIAN) free to drive disease from the body. The above outlets, or drains, are the common sewers of the body, through which all morbid and corrupt humors (the cause of disease) are carried off and so long as they are all kept open, and discharge freely their alloted portions of impurity the body will continue in health; but when from eating improper food, breathing impure air, sudden transitions from heat to cold, over exaustion, or any other cause, the bowels become costive, the pores of the skin become closed or the kidneys fail to perform their functions properly, the impurities which should be drained from the body by those outlets will be retained, and continue to accumulate until the body becomes literally loaded with disease.

The above pills may be taken at all times, and under all circumstances, with perfect safety. They suit all complaints and all ages, and are as natural to the human constitution as food, consequently they can never injure even the most delicate. Like our food they are digestible; therefore they enter into the circulation, and impart an energy to the blood which enables it to flow with freedom quite to the extremities, and consequently to keep the pores of the skin open. They are true and perfect purifiers of the blood; because they drain all corrupt humors from that life giving fluid. They impart strength and vigor to the whole system, and their effects are always beneficial; because they only remove those humors which are opposed to health. They aid and improve digestion, and sound sleep follows their use; because they cleanse the stomach and bowels of [illegible] which not only irritate and excite the nervous system, but parylize and weaken the digestive organs. In short they possess all the good properties that can be claimed for any medicine; and what is very remarkable, it is utterly impossible to use them without benefit.

Price 25 cents per Box, with full Directions.

Office and General Depot for the New England States, No 198 TREMONT STREET, near Court street, Boston.

DR. SEARS' UNIVERSAL SANGUINARIAN---OR BLOOD-ROOT PILLS.

THE pretence that any medicine is nearly an "infallible cure" for all diseases "that flesh is heir to," whatever their character, is a flagrant imposition upon the public confidence, and a most wicked outrage upon the generous sympathy that suffering humanity justly demands of us. Yet the very frequency and boldness of these impious frauds so eminently cruel to the unfortunate, furnish solid ground for presenting the public a remedy that may be intelligently appreciated and relied upon. That powerful medicinal agent, the Blood Root, is the basis of the Universal Sanguinarian Pills, and all the materials are drawn from the Vegetable Kingdom, the grand source of support to animal existence. But in the combination, the different ingredients are so blended and modified as to give the compound a remarkable advantage over the simples, and it is believed over all other medicines. When it is considered that nearly all diseases, chronic and acute, are connected with a disordered action of the stomach and bowels, and that in most instances, this is superinduced by disorder of the Bile, or Gall, which is the natural physic of the system and when it is farther considered that these Pills act with singular power upon these many organs, and through them upon the blood and entire physical economy, sober reason must justify the assertion, that this valuable discovery furnishes a remedy of rare efficiency in all curable cases of disease; and this deduction of reason is abundantly corroborated by experience. This medicine harmonizes with the laws of life, inspires and strengthens nature, and works its wonders, by generously cheering her on to a triumphant conflict with the obtrusive agents of disease. It is offered for general use, and as a safe and most valuable family medicine. Safe, not because it does nothing, (like many contemptible nostrums of newspaper celebrity, which by occupying the place of efficient remedies, are often fatal) but safe, because it aids and so operates with nature, instead of setting her aside and violently attempting to perform her work by dangerous foreign agency.

All orders promptly attended to by BLASDEL & THURSTON, East Thomaston.

PILES, &C.
HAEMORRHOIDS,
NO CURE NO PAY!
PRICE $1
HAYS' LINIMENT.

NO FICTION. This extraordinary chemical composition, the result of science, and the invention of a celebrated medical man, the introduction of which to the public was invested with the solemnity of a death bed bequest, has since gained a reputation unparallelled, fully sustaining the correctness of the lamented Dr. Gridley's last confession, that "he dared not die without giving to posterity the benefit of his knowledge on this subject," and he therefore bequeathed to his friend and attendant, Solomon Hays, the secret of his discovery.

It is now used in the principal hospitals, and the private practice in our country, first and most certainly for the cure of the Piles, and also so extensively and effectually as to baffle credulity, unless where its effects are witnessed. Externally in the following complaints:

For Dropsy Creating extraordinary absorption at once.

All Swellings Reducing them in a few hours.

Rheumatism Acute or Cronic, giving quick ease.

Sore Throat By cancers, ulcers or colds.

Croup and Whooping Cough Externally, and over the chest.

All Bruises, Sprains and Burns curing in a few hours.

Sores and Ulcers Whether fresh or long standing, and fever sores.

Its operations upon adults and children in reducing rheumatic swellings, and loosening coughs and tightness of the chest by relaxation of the parts, has been surprising beyond conception. The common remark of those who have used it in the Piles, is, "It is like a charm."

THE PILLS. The price $1 is refunded to any person who will use a bottle of Hays' Liniment for the Piles, and return the empty bottle without being cured. These are the positive orders of the proprietor to the agents; and out of many thousands sold, not one has been unsuccessful

We might insert certificates to any length, but prefer that those who sell the article should exhibit the original to purchasers.

LOOK OUT. Some swindlers have counterfeited this article, and put it up with various devices. Do not be imposed upon. One thing only will protect you it is the name of COMSTOCK & CO.; that name must be always on the wrapper, or you are cheated. Do not forget it. Take this direction with you, and test by that, or never buy; for it is impossible for any other to be true or genuine.

SOLOMON HAYS.

Sold by COMSTOCK, & CO. 2 Fletcher Street, New York

BRUSHES.

A LARGE supply of new BRUSHES, of all varieties, for sale by G. W. LADD.

THE MASSACHUSETTS CHARITABLE MECHANIC ASSOCIATION.

ANNOUNCE to the public that their THIRD EXHIBITION for the encouragement of Manufactures and the Mechanic Arts, will be opened at Quincy Hall, in the city of Boston commencing on MONDAY, SEPT. 20, of the present year.

The officers, and trustees for the year 1841, having been vested by the association with full powers to make the necessary arrangements, respectfully invite Manufacturers, Mechanics and Artists, the ingenious and scientific, to offer for Exhibition and Premium, articles in every department of Art, Science, and Taste, choice specimens of native skill and ingenuity, useful labor saving machines, implements of husbandry, and new models of machinery in all their variety in fine every species of article for any useful or ornamental purpose, made of wood, stone, metal or other material. The products of the loom in silk, cotton, wool, hemp, flax or hair and all articles devised by female ingenuity, or wrought by their industry, will have a proper place in the exhibition.

Medals (of gold or silver) or Diplomas, will be awarded for all articles of merit deemed worthy of such distinction; and the Managers pledge themselves that strict impartiality will be observed in their distribution and that competent judges shall be appointed, who in no case will be competitors for premiums on articles exhibited.

In the fullest confidence that this notice will meet the early attention of the Manufacturers and Mechanics of Massachusetts, as well as of our sister States, (whom we shall be proud to meet in this glorious field of competition) the Managers will make such arrangements as shall insure a fair and full opportunity for a display of every article which may be entered on or before the 15th of September, and although they will not exclude such articles as may be afterwards offered, yet they cannot promise them so conspicuous a place in the Exhibition as those will have which are earlier entered.

Articles intended for Exhibition must be delivered to the Superintendent at Quincy Hall, on or before Wednesday Sept. 15th.

Articles may be offered by Apprentices, (by permission of their Masters, who, if required, must give their names, ages, and the time they have served as apprentices) which will be registered, but will be judged as the productions of Apprentices.

Arrangements will be made to exhibit, in operation, any working models that may be offered, which will render the Exhibition useful and interesting.

—Communications relative to the Exhibition may be addressed to WILLIAM WASHBURN, Superintendent, or HENRY W DUTTON, Secretary, 10 & 12 Exchange street (post paid.)

CONSUMPTION

DR. ALLEN'S BALSAM of [illegible] Liverwort, and Pleurisy Root, FOR CONSUMPTION AND LIVER COMPLAINT, Colds, Coughs, Spitting of Blood, Catarrh, Asthma, Difficulty of Breathing, Pain in the Side, Palpitation of the Heart, Oppression and Soreness of the Chest, Pleurisy, Hectic Fever, Night Sweats, Difficult and Profuse Expectoration, and all affections of the Chest, Lungs and Liver.

The Hoarhound, Liverwort, and Pleurisy Root have for centuries been celebrated in the cure of diseases of the Lungs and Liver.

Dr. B. D. Allen, after a series of experiments, has been able to extract from these medical herbs a balsam, which exerts a most wonderful effect in curing Consumption and Liver Complaint, and all other diseases of the Lungs and Chest. So great has become the reputation of Dr. Allen's Balsam that it is now used in the New York, Philadelphia and Baltimore Hospitals, and in the private practice of our most eminent medical men.

For children laboring under Inflammation of the Lungs, Colds, Coughs, Croup, Quinsy, and Sore Throat the Balsam is of great importance. The number of deaths among children from these diseases is truly alarming. If parents wish to save the lives of their children [illegible] themselves much trouble, anxiety, and expense, let them procure Dr. B. D. Allen's Balsam; and whenever a child has taken cold, has any fever, cough, or hoarseness, give a teaspoonful of this medicine, and repeat it if necessary; even one teaspoonful will often effect an entire cure. During the winter of 1839, rising of one thousand families employed this remedy in the city of New York. The consequence was, that the number of deaths among children was reduced to less than one half the usual number, as may be seen by the city inspector's report of deaths.

In order to give the reader some idea of the efficacy of this Balsam, and how extensively it is used, we here introduce the monthly report of the cures it performed in the month of May, 1839, as furnished us by the agent, and published in the N. York Sun

Monthly Report of the cures performed by Dr. B. D. Allen's Balsam of Hoarhound, Liverwort, and Pleurisy Root during the month of May. It has cured and completed the cure of

Consumption in	1121	cases.
Liver Complaint	102	"
Dyspepsia	196	"
Asthma	91	"
Palpatation of the Heart	87	"
Raising Blood	66	"
Total	1652	

"The number of Colds and Coughs cured by this medicine are too numerous to report."

CAUTION. Purchase none unless it has Certificate of "Copyright" on wrapper and label and the written signature of B. D. ALLEN, M. D.

The following certificates show the high estimation in which Dr. Allen's Balsam is held.

OPINIONS OF THE MEDICAL FACULTY.

At a meeting of the Medical Society of Washington County, the following Resolution was unanimously passed:

Resolved, That from a knowledge of the composition of Dr. Allen's Balsam of Hoarhound, Liverwort and Pleurisy Root, and the most astonishing effects we have seen it have upon our patients, it is our decided and unanimous opinion that it will cure Consumption and Liver complaint, and we do strongly recommend it to the faculty and the public generally.

JOHN SMITH M. D. President.
DAVID P. HALE, M. D. Secretary.

From J. L. Rogers, M. D. N. Y. City.

Dr B. D. ALLEN, Dear Sir—For a year past I have been in the habit of prescribing your Balsam of Hoarhound, Liverwort, and Pleurisy Root to my patients in private practice; I have also used it in the Hospital. I find it a remedy of great efficacy in affections of the Lungs and Liver. In cases of Consumption, Cough, Asthma, and Bronchitis, I have found it very efficacious, and I believe it is prescribed very generally by the profession.

I have the honor to be, yours, &c

To B. D. ALLEN, M. D. J. L. ROGERS, MD

From Rev. Dr. Scott, of New York.

Dr. B. D. ALLEN Dear Sir I am most happy to inform you that your Balsam of Hoarhound, Liverwort, and Pleurisy Root, has cured me of the Liver complaint; a disease under which I had labored upwards of six years. I have recommended it to several of my friends when afflicted with the same malady, and in every instance has it been successful. Hoping that God may spare your life for usefulness I am respectfully yours.

To B. D. ALLEN, M. D. JOHN SCOTT, D.D.
